PROFILE

Full-Stack Web Developer with a strong foundation in Object-Oriented Programming (OOP) and extensive experience in modern web technologies. I specialize in developing dynamic, responsive web applications using React, Next.js, Tailwind CSS, and Django. My expertise in both front-end and back-end development enables me to create user-centric solutions, leveraging SQL and NoSQL databases for efficient data management. With a strong commitment to continuous learning and tackling new challenges, I bring a proactive, problem-solving approach to every project I work on.
